

SOP OF THE FECAVA IVC EVIDENSIA STUDENT SCHOLARSHIP

The FECAVA IVC Evidensia Student Scholarship is based on the idea to enable European veterinary students to enjoy the experience of visiting an international veterinary congress and to get an early introduction to FECAVA and the FECAVA activities.

These standard operating procedures (SOP) are outlining the conditions of the scholarship, the application process and the timeline of the scholarship.

The FECAVA IVC Evidensia Student Scholarship is open to up to ten veterinary students of FECAVA countries in their two final years at university.

The Scholarship programme will be promoted by FECAVA, their national member associations and by the International Veterinary Student Association (IVSA).

Successful candidates will receive a free student delegate registration for the forthcoming FECAVA EuroCongress and 300 Euros to help with travel and accommodation expenses. FECAVA agrees to pay for both the registration and for the above mentioned funds.

There can be no more than two successful candidates from the same country.

Applicants have to submit their CV, proof of their student status at a European veterinary faculty, a few images of themselves potentially to be used by FECAVA and IVSA for further promotion of the scholarship and a formless application in English to IVSA at least four months before a FECAVA EuroCongress. (The Dead line for the EuroCongress 2018 in Tallinn is 15th February 2018).

The scholarship will be administered as part of cooperation between IVSA and FECAVA, with both organisations advertising the scholarship. IVSA agreed to collect all applications and to

provide the FECAVA Board with a shortlist of 20 students (if there are more than 20 applications) within 2 weeks after the above mentioned deadline. The FECAVA Board will select the 10 successful candidates plus two reserve candidates not later than three months before a FECAVA EuroCongress. There will be no reply to unsuccessful candidates. The decisions of IVSA and of the FECAVA Board will be final and no reason will be given why a candidate has been successful or not.

IVSA will inform the successful candidates as soon as a decision has been reached and FECAVA will inform the EuroCongress organisers about the names of the successful students.

Once informed about their selection, successful candidates will get instructions how to register on the congress website. To receive their financial support candidates have to present themselves in person at the FECAVA stand at the EuroCongress and they have to send their account details to the FECAVA head office. Furthermore students to make themselves available for photos and short interviews during the congress and they have to submit an article for their university to report about their visit at the congress (this article can be in the national language of the candidate).

Once these requirements have been met, the FECAVA secretariat will transfer the funds to the student's account.

All students have to agree that their images and any statements can be used by FECAVA, by the local congress organiser or by IVSA.

Students are responsible for their own travel, visa and accommodation arrangement and are travelling at their own risk. Neither FECAVA nor the local organiser nor IVSA can be held responsible for any injuries, losses or any other misadventures in connection to their journey to the venue or their participation at a FECAVA EuroCongress.
